MISSION

At CGS we strive to provide an academic setting where every student's skills and character can flourish to the fullest by encouraging meaningful connections between the classroom and real life experiences. Our students work in an environment of ongoing inquiry, cooperation and mutual respect as they acquire a high caliber education and positive life attitudes so as to make their own contribution in the world.

SCHOOL COMMUNITY

Established in 1970 and governed by a Board of Directors, CGS is one of Greece's oldest and most prestigious private schools, providing educational programs from the pre-school to the secondary school level. Located in Pallini, a northern suburb of Athens on a 67,000 m² campus, CGS has a student population of 1836. The student body is comprised primarily of Greek nationals but there is an emerging international and bi-cultural student population from North America, Europe and Asia including the UK, USA, Canada, China, Italy, Finland, Cyprus, Sweden, The Netherlands, Russia, Australia, South Africa, Argentina, Mexico, France and Switzerland.

There has also been a growing number of students transferring to CGS from public schools, with an increase of 23%. In the academic year 2021-22, there were 255 new enrollments of students coming from both public and private schools.

FACILITIES AND CAMPUS

CGS sits on a 67,000 m² campus setting, 20 km. outside downtown Athens. Set in a beautiful, green campus, students and the wider community have access to exceptional facilities:

CURRICULA

CGS is authorized to offer three International Baccalaureate programs, from pre-school to the secondary school level.

At the secondary school level, all students follow the Greek National Curriculum delivered through the IB Middle Years Program (MYP) and receive the qualification, “Apolytirio Gymnasiou” as well as the IB MYP Certificate.

During Grade 10 (A' Lyceum/IB MYP 5) students can choose to follow the Pre-IB DP program alongside their regular studies as preparation for the IB Diploma Program. This program is entirely English-taught.

For Grades 11 and 12, students decide on whether to follow the Greek National Curriculum, leading to the high school diploma, “Apolytirio Genikou Lykeiou” or the IB Diploma Program leading to the International Baccalaureate Diploma.

COVID-19 SCHOOL CLOSING AND EXPLANATORY NOTE

Schools in Greece were closed from March to June, 2020 and classes were delivered remotely through Teams.

The Ministry of Education announced that there would be no final school examinations for students enrolled in Lyceum due to the extensive school closings because of the COVID-19 pandemic during the academic year 2019-2020 and 2020-2021.

The International Baccalaureate Organization (IBO) announced that students would be assessed using either an exam or non-exam route depending on country and government directives in place at the time. In 2021, IB DP students were assessed and awarded grades based on their coursework and teacher evaluations throughout the school year.

SAT test dates at our test center were also cancelled.
